

13º Salão de Humor

Tema: Superação.

O mundo em superação

A realização do 13º Salão de Humor Medplan e Humana foi uma mistura de alegria com esperança em um ano ainda desafiador. Não foi difícil escolher o tema desta edição. A Superação esteve presente em todos os momentos de nossas vidas em 2021.

Depois de quase dois anos com várias restrições de convívio, a vacina chegou e pouco a pouco vem se tornando possível voltar a encontrar as pessoas, trabalhar de forma presencial e ter uma vida menos isolada, ainda que mantendo os cuidados necessários.

Foi em meio a essa retomada que realizamos esse evento, que abre espaço para a criatividade, o humor e a arte. Ao todo, foram mais de mil trabalhos, vindos de cinco continentes e 51 países, entre eles Alemanha, Arábia Saudita, Argentina, Austrália, Azerbaijão, Bélgica, Bulgária, Colômbia, Egito, Eslováquia, Espanha, Estados Unidos, Estônia, Grécia, Índia, Irã, Israel, Itália, México, Peru,

Polônia, Portugal, Romênia, Turquia, Ucrânia, para citar apenas alguns.

Essas obras inspiradoras trouxeram assuntos que dialogaram com o tema Superação com destaque para a luta contra o novo coronavírus, a importância da vacinação, preconceito racial, defesa do meio ambiente, crítica social e saúde mental, todos muito atuais.

O resultado você vê neste catálogo, que traz os 202 melhores trabalhos deste ano. É possível “sentir”, em cada obra, quanto a “superação” tem sido um poderoso antídoto para não perdermos a esperança. Sabemos que ainda há um longo caminho pela frente, mas acreditamos que o humor e a arte nos ajudarão, mais uma vez, a respirar e construir tempos melhores, mais saudáveis e mais felizes.

A world to overcome

The 13th Salão de Humor Medplan e Humana was a mix of joy and hope in a challenging year. “Overcoming” has become the keyword for everyone in 2021, and therefore it was easy to define the theme this year.

After two years of several restrictions, the vaccines arrived and, little by little, we are becoming able to meet each other again, work on-site, and live less isolated, despite maintaining the necessary care.

It was amidst this resumption that we held this event filled with creativity, humor, and art. All in, we have received over a thousand artworks, coming from 5 continents and 51 countries, including Germany, Saudi Arabia, Argentina, Australia, Azerbaijan, Belgium, Bulgaria, Colombia, Egypt, Slovakia, Spain, United States, Estonia, Greece, India, Iran, Israel, Italy, Mexico, Peru,

Poland, Portugal, Romania, Turkey, and Ukraine, just to name a few.

These inspiring artworks sparked discussions around the theme “overcoming”, highlighting the struggles against the coronavirus, the importance of vaccination, racial prejudice, environmental activism, social criticism, and mental health, all of which are current.

The result is in this catalog, which contains this year’s 202 best artworks. In each of the drawings, you can feel how “overcoming” has become the best antidote against hopelessness. We know we have a long road ahead of us, but we believe that humor and art will drive us home, once again, and we will breathe and build better days, with more health and happiness.

Um ano de superação

Se tivesse que escolher uma palavra para o ano de 2021, essa palavra seria superação. Os artistas selecionados neste 13º Salão de Humor Medplan e Humana Saúde conseguiram mostrar, por meio de cartuns, charges, tirinhas e HQs, muitas derivações inteligentes e cômicas do tema. Fico feliz em imaginar as pessoas olhando os desenhos e se identificando com algumas situações de superação ou simplesmente sorrindo. E sorrir ainda é o melhor remédio!

Em cada edição do Salão aprendemos mais. Nessas últimas edições, tivemos que aprender a repassar toda a vibração e energia da abertura no formato virtual. E creio que conseguimos empolgar todos aqueles que assistiram à live desta 13ª edição, pois ela foi feita com muita dedicação, dinamismo e emoção.

Outro grande feito foi conseguir a participação de novos artistas, não só no Salãozinho, mas também nas categorias para adultos. Muitos dos artistas selecionados e premiados participaram do evento pela primeira vez. É o Salão chegando a cada ano a novos artistas.

Além de tudo isso, os depoimentos dos finalistas durante a premiação desta edição revelaram o carinho que o evento promove, o que foi uma imensa alegria. Mostra que o nosso trabalho está sendo reconhecido entre os artistas do desenho de humor e que estamos no caminho certo.

Que venha 2022, com novos desafios. Estamos prontos para superá-los!

A year to surmount

If I had to choose one word to define 2021, that word would be “overcoming”. The artists selected in the 13th Salão de Humor Medplan and Humana Saúde were able to comically and cleverly expose many variations from this year’s theme, through cartoons, caricatures, and comic strips. I feel happy imagining people looking at the drawings and identifying themselves with the content of prevailing or just simply smiling. And smiling is still the best medicine!

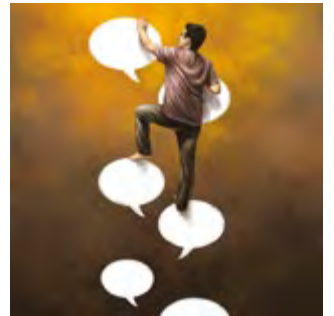

We learn more and more in each edition of the Salão de Humor. In the last couple of years, we had to learn how to virtually transmit all the energy of the opening night. And I believe we were successful in bringing the excitement to our youtube live transmission of this 13th edition - a ceremony prepared with our typical enthusiasm, dedication, and emotion.

Another great achievement in this year’s event was the presence of newcomers - not only in the kids’ contest but also in the main categories for adults. Many selected artworks came from first-time contestants. The Salão de Humor is attracting more and more new artists every year.

Besides all this, the speeches the finalists gave during the awards ceremony this year reveal the great affection and care promoted by the event, which is a joy to realize. It shows that our work is recognized and appreciated among artists in the universe of humorous drawings, and is proof that we are on the right path.

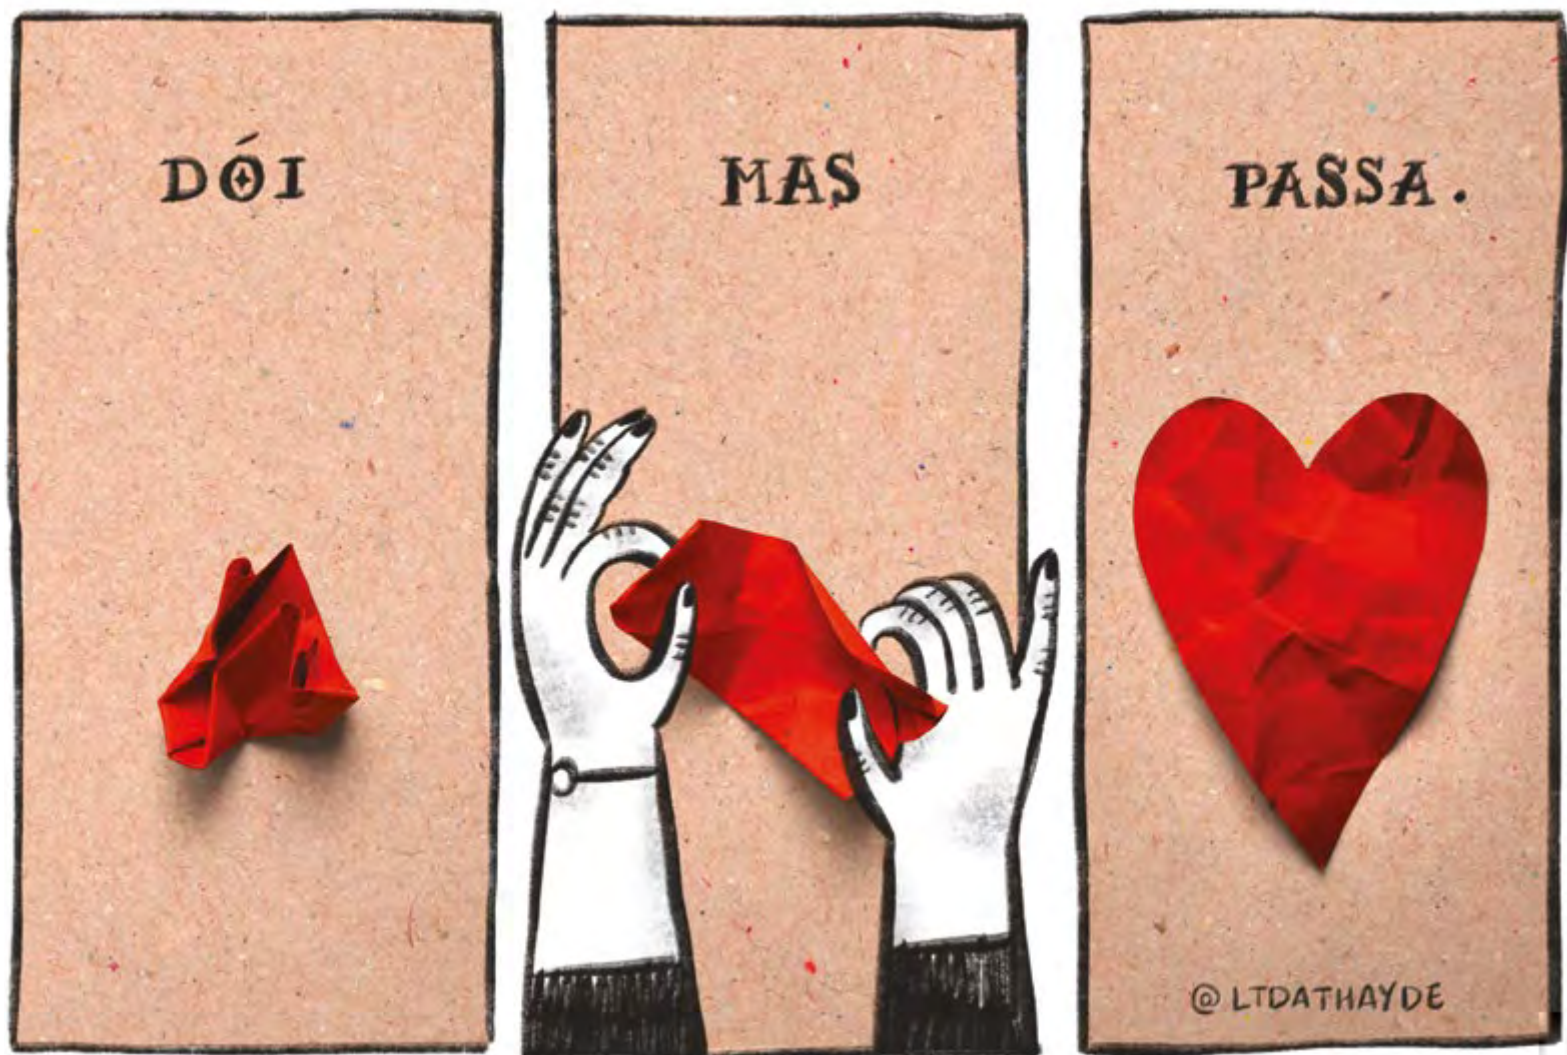

May 2022 come! And with new challenges, too. We are ready to overcome them!
