CERTIFICATE

Dear
Barbara Walder,

We hereby confirm that you are accepted as the only representative of
Liechtenstein

at the **Intercontinental Art Exhibition**
"UNITED NATIONS- symbol of life, freedom & happiness",
a world premiere that brings together artists
from all 193 United Nations member countries in one show.

The project is dedicated to the 75th Anniversary of the United Nations, celebrated in 2020.

The "Inter-Art" Foundation wishes to bring a tribute to this topic, celebrating this great moment,
to prove that through art, we can bring a better world - one of freedom,
coexistence, cooperation and understanding.
A world of unity between people, nations, and cultures.

Two exhibitions will be organized between 2020-2021, one at the United Nations headquarters in New York
and the second at the Palais au Nations from Geneva. Details will follow.

The organizers cannot bear any financial involvement for the artists who want to participate at the openings.

We would like to say many thanks for your donation.
Your artwork will be part of the "Inter-Art" Foundation's permanent collection.

Sincerely,

Stefan Balog
