## LETTER OF RECOMMENDATION

Santiago, Chile  
December 26, 2023

To whom it may concern

We are writing with the intention of recommending visual artist Nina Rassen as an up-and-coming artist, with whom we have had the privilege of working.

As a curatorial team we have had the opportunity to appreciate Nina Rassen's artwork and portfolio.

In addition to her artistic talent, we would also like to highlight Nina Rassen's dedication and willingness, showing her commitment to both the organization and her artistic work.

We have had the opportunity to have her in TAPIIA Virtual Gallery in several exhibitions, in which her artistic skills have been expressed.

Therefore we recommend her, trusting in her artistic and exhibition project.

Kind regards,

*Curatorial Team*
